Amy: Thank you for speaking with me today regarding the status of the CES Environmental Facility in Houston, TX. As agreed, I wanted to follow up with you on two items:

1. We would like to request a copy of EPA's Action Memo referenced in the General Notice Letter; and,
2. We would like to obtain all of the documentation EPA has linking C. Lee Cook to the CES Environmental Facility. I understand from our discussions there may be a link or online source for obtaining this information from EPA. We would appreciate an update on how best to obtain this information.

Moving forward, we would appreciate receiving updates or communications related to this matter that may come to your attention.

If you have any questions, please contact me. We appreciate your help with these requests.
